

Glas bags planning for south London scheme

Nine-apartment Bermondsey block approved by Southwark council

Glas Architects has secured planning permission for a nine-apartment scheme in Bermondsey, south London.

The project, created for developer Mayfield Property Group, will span around 750 sq m and has a gross development value of around £7m.

Mayfield has only just finished the land assembly for the site in Grange Walk, south of Tower Bridge, however the project is due for completion by the end of next year.

Planning consultants on the project are GVA; Fluid will work as structural engineers.
